An effective approach for determining a worth is to send out a survey to your current customers. If these customers have already bought an ebook from you, ask for his or her opinion when it comes to price. Do that by creating a gross sales page for the new book, but do not embrace a price on that

page. As an alternative, add a number of hyperlinks to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

Another strategy is to test out prices by making a number of duplicate sales pages with completely different costs on each page. Make sure your gross sales copy is exactly the same on each page, and consists of your selling-deal with sentence. Then figure out for each web page the conversion ratio between guests to your web site and sales of your book. This will tell you what your optimum value is.

In the end, for those who've written a guide that solves a problem or presents a new method, your e-book will herald both site visitors and profits.
