Do this by making a gross sales page for the new book, however do not embody a value on that page. As a substitute, add a number of hyperlinks to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

Another strategy is to test out prices by making a number of duplicate sales pages with different prices on every page. Ensure your gross sales copy is strictly the same on every web page, and contains your promoting-handle sentence. Then work out for every web page the conversion ratio between visitors to your site and sales of your book. It will tell you what your optimum value is.

Finally, should you've written a ebook that solves a problem or presents a new technique, your e book will usher in both visitors and profits.
