Begin on the highest value the market will bear to usher in the largest income, and plan to low cost the ebook a variety of occasions throughout the year.

One other technique is to check out prices by making a variety of duplicate sales pages with completely different prices on every page. Ensure your sales copy is strictly the similar on each

page, and contains your selling-handle sentence. Then figure out for each web page the conversion ratio between visitors to your web site and sales of your book. This will tell you what your optimum price is.

Ultimately, should you've written a guide that solves a problem or presents a new technique, your guide will herald each traffic and profits.
