An effective method for determining a price is to ship out a survey to your present customers. If these customers have already bought an book from you, ask for their opinion by way of price. Do this by creating a sales page for the new guide, but do not embody a worth on that page. As an alternative, add a lot of hyperlinks to survey questions that ask pointed questions to assist you in assigning a price to your ebook.

One other strategy is to check out costs by creating a variety of duplicate gross sales pages with different costs on every page. Be sure that your gross sales copy is strictly the identical on every web page, and contains your promoting-handle sentence. Then determine for each page the conversion ratio between guests to your web site and sales of your book. This may tell you what your optimum price is.

In the end, when you've written a e book that solves a downside or presents a new technique, your e book will bring in each traffic and profits.
