One other strategy is to check out prices by creating a number of duplicate sales pages with totally different costs on every page. Be certain your sales copy is strictly the same on every page, and

consists of your promoting-handle sentence. Then work out for every web page the conversion ratio between visitors to your website and gross sales of your book. This will inform you what your optimum price is.

Ultimately, in the event you've written a book that solves a drawback or presents a new technique, your e book will usher in both visitors and profits.
