If these clients have already purchased an e book from you, ask for his or her opinion in terms of price. Do that by making a gross sales web page for the brand new e-book, however don't embrace a value on that page. Instead, add quite a few links to survey questions that ask pointed questions to aid you in assigning a price to your ebook.

Another technique is to check out prices by making a number of duplicate gross sales pages with different costs on each page. Be sure your sales copy is strictly the identical on each page, and

contains your selling-handle sentence. Then work out for every page the conversion ratio between guests to your web site and gross sales of your book. This can inform you what your optimum worth is.

Finally, for those who've written a ebook that solves a downside or presents a brand new technique, your e-book will bring in both visitors and profits. So make sure you write that selling-deal with sentence that sums up what problem your book solves and what the advantages of your 2063 guide will probably be to the shoppers who buy it. And then watch your market come to you!
