After you figure out your goal, it's essential to work out what your viewers's need is to your ebook. For example, does your book solve a selected drawback? If it does, and solves it in a method that hasn't been written about in one hundred other ebooks, you will be capable of achieve excessive

sales at an excessive price. If your e-book solves a problem or solutions questions in a new and unique approach, you must value your e-book as high as you'll be able to go. The important thing that unlocks the sales potential of your ebook is to discover a single sentence that becomes your selling handle. and promotional materials, and every time anybody asks you about your ebook.

Do that by creating a gross sales page for the new book, however do not embody a price on that page. Make sure your gross sales copy is precisely the same on every page, and consists of your selling-handle sentence. Then determine for every page the conversion ratio between visitors to your web site and sales of your book. It will inform you what your optimum value is.

In the end, for those who've written a e-book that solves a problem or presents a new method, your book will bring in both site visitors and profits.
