An effective method for determining a value is to send out a survey to your present customers. If these prospects have already purchased an book from you, ask for their opinion when it comes to price. Do that by making a gross sales web page for the new book, but do not embody a price on that page. Instead, add a number of links to survey questions that ask pointed questions to assist you in assigning a worth to your ebook.

One other strategy is to check out costs by making a variety of duplicate gross sales pages with different prices on every page. Be sure that your gross sales copy is exactly the identical on every

page, and contains your promoting-handle sentence. Then determine for each page the conversion ratio between visitors to your website and gross sales of your book. This may let you know what your optimum price is.

Finally, if you've written a ebook that solves a drawback or presents a brand new method, your guide will usher in both traffic and profits. So you should definitely write that selling-handle sentence that sums up what drawback your book solves and what the benefits of your 2596 e book can be to the purchasers who buy it. And then watch your market come to you!
