An efficient technique for figuring out a worth is to ship out a survey to your current customers. If these prospects have already bought an e-book from you, ask for his or her opinion in terms of price. Do this by making a sales page for the brand new book, but don't include a price on that page. As an alternative, add a number of links to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

One other strategy is to check out prices by creating a number of duplicate gross sales pages with totally different costs on every page. Be certain that your gross sales copy is exactly the same on

every web page, and consists of your selling-deal with sentence. Then figure out for each web page the conversion ratio between visitors to your web site and gross sales of your book. It will inform you what your optimum worth is.

Ultimately, when you've written a book that solves a problem or presents a brand new technique, your e book will herald both site visitors and profits.
