An efficient technique for determining a price is to send out a survey to your present customers. If these clients have already purchased an book from you, ask for their opinion in terms of price. Do

this by creating a sales web page for the new book, but do not include a price on that page. As an alternative, add plenty of hyperlinks to survey questions that ask pointed questions to help you in assigning a worth to your ebook.

Another strategy is to check out costs by creating a variety of duplicate gross sales pages with completely different costs on every page. Be sure your sales copy is precisely the same on every web page, and consists of your promoting-deal with sentence. Then work out for each page the conversion ratio between guests to your site and gross sales of your book. This may tell you what your optimum price is.

Finally, if you've written a e book that solves a drawback or presents a brand new technique, your e-book will usher in both traffic and profits. So you should definitely write that selling-handle sentence that sums up what drawback your ebook solves and what the advantages of your 850 book will likely be to the shoppers who purchase it.
